Visits from

Community Helpers

Our school enjoyed a visit from the firefighters of Station 22 on October 18, and they did a wonderful job of helping our children learn fire safety.

MPO Brandon McAleese visited us with his police motorcycle on October 21, and the students learned what a police officer does everyday.

GWP's In-House Camping & Pumpkin Patch

Once again these special centers were a great success! The children enjoyed camping, fishing, and singing around the campfire, then a couple weeks later choosing their own pumpkin and apple to bring home!

"Fall-ing" into Colder Weather!

Please remember to dress your child according to the weather to ensure your child's comfort when on the playground. Also, if the spare clothes you have sent in for your child are for warmer weather, please change them out.

We regretfully cannot hold our traditional Thanksgiving Feast for our students and families. However, each class will have its own celebration, complete with table decorations and costumes they will make in class. A sign-up sheet with requested donations will be posed outside your child's entrance.

During this season of Thankfulness, we want to express our gratitude to all our preschool families for your continued support. On behalf of the GWP staff and Preschool Committee, we wish you all a safe and happy Thanksgiving holiday with your loved ones.

ECHO food drive now through November 18. Please add your food donations to the collection boxes outside entrances 3 and 9. Thank You!!

Picture Day

Peter Wabbit again did a wonderful job photographing the children. Proofs have arrived and orders are due back by November 8. Pictures will arrive in early December. Thank you for ordering and providing your support to GWP.

School Fundraiser

Look for information coming home on November 3 about our fundraiser with Butter Braid pastries, which will be perfect for the holiday season! A representative will be here at dismissal on November 3 with samples for all!
